» EMPLOYMENT

May 2010 - August 2010

Contractor / Carpenter

Center for Sustainable Cities Design Studio - Lexington, Kentucky

Contracted carpentry and general maintenance services around professor Levine's house and studio, Raven Run. I also helped to maintain the efficiency and "net zero" status of this pioneering passive home.

May 2009 - August 2009

Contractor / Foreman

Klap Residence - Louisville, Kentucky

I was both Foreman and Lead Carpenter in this residential addition. I was in direct contact with the project Architect (Michael Barry) at all times to make sure that the design scope and vision was maintained. I also coordinated material delivery, sub-contractor workflow and carpentry implementation.

May 2006 – December 2008

Carpenters Apprentice

Vimont Builders, Inc. - Lexington, Kentucky

I performed a wide range of woodworking, building and construction services. On-site experience allowed me to grasp the full span of a construction project from foundations and framing to interior and exterior trim carpentry.

August 2003 – February 2005

Client / Technical Services Manager

Visual Edge Design, Inc. - Clearwater, Florida

I ran the Client Services Manager post as well as the Technical Services post. Combined, these two posts ensured that every project that flowed through the technical department was completed on time and professionally. As Client Services manager I kept a communication line between Visual Edge Design and our customers. It was my duty to ensure that their experience with our services was a good one.

» EXTRACURRICULAR

AIAS UK

American Institute of Architecture Students

University of Kentucky Chapter

Position: President 2009 - 2010

Accomplishments:

- I was able to improve our chapters' enrollment from 11 members to 53 (almost a 500% increase).
- I Successfully hosted the AIAS 2010 Midwest Spring Quad Conference in Lexington, KY where over 250 architecture students from the midwestern states converged to participate in lectures, tours, workshops, and our infamous Beaux Arts Ball. The theme of the conference was "Balance: Between High Design and Social Relevance"
- I successfully employed the first steps for our chapter to participate in the Freedom by Design program
- Attended multiple AIAS conferences including the 2009 AIAS Grassroots conference in Washington D.C. and the 2009 AIAS Forum in Minneapolis, MN where I was able to discuss the direction of design education with students from around the country.
